

Nothing

What is:

Our God, when there is no faith;
A life, if there is no soul;
The sun, when there is no day;
A sea, if there is no water;
The wind, when there is no breeze;
A flame, if there is no fire;
The forest, when there are no trees;
A home, if there is no dwelling;
A feast, when there is no food;
A mother, if there is no child;
A skill, when there is no work;
A book, if there are no words;
A clock, when there is no time;
A poem, if there is no rhyme;
A question, when there is no answer;

Nothing: But, if you have learned what it means to be with noting;
Then, that is something!
